### What Is the Scalability Guarantee?

If our **flexible spaces for growth** approach can't meet your space needs, we'll let you out of your lease without penalty.

### Healthy Space and Comfort

Staying healthy is an important part of many members' lives, which is why our well-stocked gym – with a trainer three days a week – is available 24/7.

### Technology

Onsite IT, highspeed internet, VOIP phone capabilities and access to printers, copiers and scanners are all included perks for MAC6 coworking space members.

### Onsite Management

An onsite manager is available during business hours to help with any issues members may have. Nightly security also checks in on the safety of people working late. Notary services are available – even to virtual members.

### Networking

Weekly lunches, frequent internal member-only events and invited community partner speakers promote networking and an atmosphere of community.

We partner with the following organizations to host frequent meetings and presentations for our coworking space community:
